

FOREWORD

Many landmarks were achieved in 2014; in excess of \$20 million raised since 2006, along with impacting 29,000 children and 1,000 coaches since PACES was founded. With over 250 individual donors and 75 global institutions supporting us, PACES' sustainability and impact remain unhindered.

But we are not mere numbers and the essence of PACES will never change. The wellbeing of our children, their health, hygiene and education remain our "raison d'être". We continue to develop and improve the core sports program all while adding social and civic components that we believe are critical to the development of PACES children.

Everyone at PACES: the children, the coaches, the management and the trustees extend our thanks and gratitude to all those whose collective generosity allows us to continue with our work.

TARIQ

(EL Bass Camp – Tyre / Lebanon)

As PACES aims to continuously improve its programs, we regularly participate in development and empowerment workshops as well as modern training sessions specialized in dealing with children.

Such workshops have significantly enhanced our professional and social skills. With PACES our dream of a stable and brighter future is realized.

MIRNA

(Beit Sahour – Palestine)

I traveled to Norway with PACES where my teammates and I played against international teams, made new friends, and learned about new cultures. Today thanks to the support that PACES provided to our Beit Sahour club from sports gear to qualified coaches, we now have a safe environment in which to develop our skills.

PACES 2014 CYCLE

PACES team planned fun days, civic activities and awareness sessions for enrolled children. During fun days, the children play and enjoy themselves in a safe environment, while the awareness sessions encourage children to improve academic performance and develop awareness for active citizenship, maintaining a clean environment, healthy lifestyles, personal hygiene, nutrition, and for being productive adults.

ADHAM
(Tulkarm - Palestine)

When I was in Norway I was selected to play with the all-star team match against Liverpool. Thanks to the skills that I've learned through the PACES program, I am now on the national U16 team, PACES made this dream come true with all its support to my club.

VISION & MISSION

Creating positive change and building sustainable and strong communities through sports.

To provide opportunities to as many marginalized Palestinian girls and boys to play sports, flourish and grow in nurturing sanctuaries in order to empower them so

they grow up to become good and active citizens.

One of PACES' most important objectives is to provide girls and boys with a healthy, fun and safe activities, and encouraging positive behavioral change. The children are taught the importance of respect, commitment, teamwork, sportsmanship, and ethics, in a fun non-traditional context.
